

Siddhanta Chandra

Kolkata, India — iamsiddhanta.10@gmail.com — (+91) 6289338460 — LinkedIn — siddhantachandra.com

OBJECTIVE

Full Stack Developer with experience building modern web applications using React, Next.js, NestJS and PostgreSQL. Passionate about developing scalable and user-focused solutions while taking ownership of features throughout the development lifecycle.

EXPERIENCE

Frontend Developer Intern

(Onlybees Pvt. Ltd., Feb 2026 - Jun 2026)

React.js, TypeScript, NestJS, PostgreSQL, Tailwind CSS

- Built reusable React components and implemented TanStack Query caching strategies, improving UI consistency, reducing redundant API calls, and enhancing application performance.
- Developed and maintained REST APIs, business logic, and database integrations using NestJS, TypeScript, and PostgreSQL.
- Led backend implementation for multiple product features, designing scalable endpoints, deploying production-ready solutions, and supporting end-to-end feature delivery.

Frontend Developer (Freelance)

(CricketWinner LLC, June 2021 - Dec 2022)

ReactJS, React Query, SCSS, Bootstrap

- Designed responsive, accessible, and visually appealing user interfaces using React.js and SCSS.
- Implemented React Query caching and query management, reducing redundant API requests and improving application responsiveness.
- Optimized website performance by reducing render-blocking resources and improving asset loading times by 0.89 seconds.

PROJECTS

Slaysuki - D2C E-commerce Platform

Live Website

Next.js, NestJS, PostgreSQL, Prisma, Razorpay, Tailwind

Developed a production-ready D2C e-commerce platform for trading card collectibles and accessories. The application features authentication, inventory management, cart and checkout workflows, payment integration and cloud-hosted deployment infrastructure.

Entertainment Journalist Portfolio

Live Website — GitHub

Next.js, React, Tailwind CSS, Framer Motion

A full-stack content management and publishing platform for an entertainment journalist, featuring a custom CMS, rich-text editor, media library, role-based authentication, and cloud-based asset storage.

Vaultigo Password Manager

GitHub

Next.js, Supabase, Crypto-JS, FastAPI

A zero-knowledge password management application that features client-side encryption and secure storage. Built to provide users with a secure way to store and retrieve sensitive credentials while ensuring data never leave their device unencrypted.

Industrial Training: Azure DevOps from Employability Life

Led a comprehensive enterprise migration to consolidate fragmented project management tools (Jira, Trello, Excel) into Azure DevOps Services. Implemented end-to-end containerized deployment pipeline with automated CI/CD workflows.

EDUCATION

Masters Of Computer Application

Sister Nivedita University, Kolkata (2024 - 2026)

CGPA: 7.39

Bachelors of Computer Application

University of Engineering and Management, Kolkata (2021 - 2024)

CGPA: 9.03
